About Us / Overview

## GESC is one of the leading environmental consultancy organizations in the UAE.

Providing Environmental, Occupational Health and Safety Consultancy Services Across Abu Dhabi and the UAE.

Offering Health, safety and environmental consultancy, auditing, inspection, testing, investigation and advice to customers through an unrivalled range of technical expertise and accredited services.

The GESC believes that quality is critical to our business success and we are committed to the principle of continual improvement throughout all areas of our business.

## Philosophy

We devote ourselves to applying professionalism and most appropriate technologies to develop workable and effective environmental solutions.

We value committed employees dedicated to providing innovative and excellent services to the clients.

We strive towards provision of exceptionally sound solutions that promote a balanced and sustainable development for the emerging and ever changing global environmental challenges.

## Vision

To be the preferred Environmental and Occupational Health & Safety Consultancy in the UAE, recognized for technical excellence, innovation, integrity, and sustainable solutions.

## Values

Accountability:
Accountability We take responsibility for delivering quality services and achieving client satisfaction.

Transparency:
We expect the highest level of ethical behavior and personal integrity in all our transactions.

Empowerment:
We will help all our people to realize their potential

Collaboration:
We are one organization globally: we believe in the principles of partnership, respect for each and every individual and mutual support across the world.
